

SAMREETHA V

Software Engineer

+91 - 8778059896 | vadivelsamreetha@gmail.com | github.com/Samreetha-v | Chennai

Professional Summary

Computer Science Engineering graduate skilled in Java, AI/ML, and full-stack development with strong hands-on project experience. Passionate about building innovative, real-time applications using modern frameworks and technologies. Demonstrates strong problem-solving abilities, adaptability, and effective teamwork skills to deliver high-quality solutions.

Technical Skills

- Programming Languages: Java, Python (Basics)
 - Backend and Frameworks: JDBC, Servlets, Spring Boot, Spring MVC, Spring Data JPA, Hibernate
 - Web Development: HTML, CSS, React.js
 - Databases: MySQL, PostgreSQL
 - AI/ ML & NLP : NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow, NLP
 - Tools & Platforms and Concepts : Git, GitHub, VS Code, Postman, OOPs, DSA Concepts
-

Projects

Job Search and Application Portal

Dec 2025 – Jan 2026

Tech Stack : Java, Spring Boot, Spring MVC, Spring Data JPA, Hibernate, MySQL, HTML, CSS

- Developed a full-stack web application enabling recruiters to post jobs and candidates to search and apply, with REST APIs and a responsive frontend.
- Used JPA and Hibernate for ORM to manage MySQL database operations, handle relationships, and support secure authentication and application tracking.

AI-Powered Feedback Insight System for Course Improvement

June - 2024

Tech Stack : Python, Hugging Face Transformers, FER Library

- Developed an AI system to analyze student feedback using NLP and facial emotion recognition for sentiment insights.
 - Built a dashboard to visualize results, supporting data-driven course improvement.
-

Education

B.E in Computer Science and Engineering (HONS)

CGPA: 8.45 / 10

Anna University Regional Campus, Madurai

Nov 2021 – May 2025

Higher Secondary School

Percentage : 93

Swamy Vivekanandha Matric Hr Sec School , Sivaganga

June 2020 - May 2021

SSLC

Percentage : 93

Swamy Vivekanandha Matric Hr Sec School , Sivaganga

June 2018 - March 2019

Certifications

Java Full Stack Training– Wipro

May 2024 – Sept 2024

- Developed full-stack web applications using Java, Spring Boot, React, and MySQL and Implemented RESTful APIs for seamless backend–frontend integration.

Java Full Stack Development Certification – ACTE Technologies

Sept 2025 – Jan 2026

- Gained hands-on experience with tools and technologies and Explored software development lifecycle,debugging, and deployment concepts in practical environments.

Machine Learning Virtual Internship - AICTE

- Completed a hands-on Machine Learning internship, gaining practical experience in Python for data preprocessing and visualization using regression, classification.
